The Swiss company Berlinger & Co. AG develops, produces and distributes innovative temperature monitoring solutions for pharmaceutical and medical technology products with the aim to further improve efficiency and increase patient safety. [www.berlinger.com](http://www.berlinger.com)

## SIMPLIFY TEMPERATURE EXCURSION MANAGEMENT WITH AN INTEGRATED, AUTOMATED SOLUTION

Streamline your drug supply management workflow, support patient safety, and gain end-to-end visibility into temperature-controlled shipments. Our partnership provides an effortless integration of Suvoda IRT with Berlinger's Q-Tag data loggers and SmartView, so that your study team can:

### + IMPROVE QUALITY AND EFFICIENCY

Automated quarantine process improves quality of temperature management to meet GxP requirements and reduce time, effort, cost and risk of error

### + DECREASE COSTS

Automatic IRT alerts inform supply teams of potential excursions so that users can perform timely mitigative actions as needed, consequently decreasing expedited shipments and associated costs

### + REDUCE RISK

Real-time data integration increases confidence in treatment safety and efficacy

### + ENHANCE COMPLIANCE

Robust data reporting and true end-to-end visibility of the temperature profile ensure quality of response to audits and inspections
